NJ ASSESSMENTS 2011

CYCLE II REPORT

GRADES 3-8 and 11

NJ Statewide Assessments

- As a result of the No Child Left Behind Act, New Jersey's statewide assessment of students changed in 2003.
- Students in grades 3, 4, 5, 6, 7 & 8 take the NJ Assessment of Skills and Knowledge (ASK) and students in grade 11 take the High School Proficiency Assessment (HSPA). Students are scored as proficient, advanced proficient or partially proficient.
- These assessments are grounded in the state's core curriculum content standards, and are designed to assess students' critical thinking skills in two fundamental areas: Language Arts Literacy (LAL) and Mathematics. Students at grade 4 and 8 are also assessed in science, but science results are not considered for NCLB reporting.
- In 2010 an end-of-course assessment was operational for Biology for high school students to replace the HSPA science assessment, and an end-of-course assessment in Algebra I was field-tested. At this time, students will still take the HSPA mathematics assessment.

AYP – Adequate Yearly Progress

- NCLB requires all schools to demonstrate AYP for its total population and for all sub-groups.
- AYP is measured by the percentage of sub-group students deemed proficient or advanced proficient on a state test.
- In New Jersey, a school sub-group must include 30 students for AYP determination.
- A school fails to make AYP if **ANY** significant sub-group falls below the established proficiency target.
- A 10% reduction in the number of students scoring partially proficient from the previous year (total population or a sub-group) places a school in AYP *Safe Harbor*

Sub-Groups include:

- Total school population: general education, special education, Limited English proficient
- Gender: male/female
- Migrant status
- Ethnicity: white, black or African American, Asian, Native Hawaiian or other Pacific Islander, Hispanic or Latino, American Indian or Alaska Native, other
- Economic Status: Disadvantaged/Non - Disadvantaged

The percent proficient benchmark target increased significantly for 2011-2013

Current News – NCLB & NJ

- NJ has applied for waivers to NCLB
- Implementation of the Common Core Standards for LA K-12 and Math K-2 and 9-12 is due September 2012
- NJ Assessments will gradually move from alignment with NJCCCS to Common Core from 2012- 2015

AYP Results 2010-2011

- Haddonfield Memorial High School, Central Elementary School, and Elizabeth Haddon Elementary School made AYP based on the 2011-2013 increased benchmarks
- For the first time, the following Sub-Groups did not make AYP
 - Tatem Elementary School Special Education Sub-Group in Mathematics
 - Haddonfield Middle School Special Education Sub-Groups in Language Arts & Mathematics

DFG – District Factor Groups

- NJ classifies all school districts by District Factor Group associated with the Socio-Economic Status (SES) of the community
- Haddonfield is a “J” district – other K-12 “J” districts include Bernards, Glen Rock, Millburn, Montgomery, Mountain Lakes, Ridgewood, School District of the Chathams, and West-Windsor-Plainsboro
- Most “J” districts had sub-groups that did not make AYP in 2010-2011
