

HADDONFIELD PUBLIC SCHOOLS

ACCEPTABLE USE POLICY STUDENT CONTRACT Elementary Students

This is a review of the AUP document written especially for elementary school students. The AUP document can be found at http://www.haddonfield.k12.nj.us/district_info/Instruc_Tech/AUP.htm for your review.

I will never share my password – even with my best friend!

Traveling on the Internet is a lot like going to a big city:

- There are many wonderful and exciting places that I can visit, like museums, art galleries, zoos, and hospitals, but there are also many places that I should not visit.
- **I will never give my name, address or telephone number**, because the people on the Internet are strangers to me.
- I will not go into any parts of the Internet that are not appropriate for my learning at school.
- I will back out, and tell my teacher right away if I come across anything that is not appropriate. I should not invite other students to come to see it, but back out and tell a teacher.

The computer and the Internet are there to help me with my learning, just like the books, assemblies and videos that the teachers share with me at school.

- I will not copy things to include in my papers unless I give credit to the author and/or site.
- I will share the computer with others and be willing to give up my seat if someone else needs a turn.
- I will treat the computers with respect, and not cause damage to them.

It is up to the school to decide how the computer is set up and what software programs should be used to help me learn.

- I will not install software that I bring in from home because this could break the law.
- I will not change the way the computer is set up to run.

E-mail gives me a chance to communicate with many people, but there are rules I must follow:

- *The only times I can use e-mail are when a teacher sets it up for me.*
- I will always use proper and appropriate language and my best writing skills.
- I will not give out any personal information that tells who I am or where I live.
- I will *never* use a chat room or talk session unless an adult is with me.

PENALTY for MISUSE: I understand that if I break any of these rules, I may lose the privilege of using the computer and/or the Internet.

I understand that the principal will decide what the punishment will be for breaking the rules, and that it can include anything from removal of computer privileges for a short time to not ever being able to use the computers in school again.

I have talked about these rules with my parents and by signing this contract I agree to follow them.
