ONE LINCOLN AVENUE ~ HADDONFIELD, NJ 08033-1866
TELEPHONE: 856-429-4130 EXT. 201 FAX: 856-354-2179

Dear Haddonfield Community,

After years of planning, we are excited to report that the referendum construction project has begun on schedule. The construction will take place at all four buildings and address many critical needs, including exterior masonry restoration and air-conditioning. In addition, major reconstruction will take place at the high school B-wing, with complete rebuilding of the two-story cafeteria wing.

Our goal for this two year project is to deliver the highest quality work, under budget with minimal inconvenience to the learning environment and the community as a whole.

Since we are coordinating with many partners to achieve success, we have developed a communication plan should questions or issues arise.

- For general questions, please submit them here : <http://haddonfieldbondreferendum.com/faqs/>
- For urgent issues requiring a timely response, contact the Haddonfield School District business office at (856) 429-7510 Ext.217

Our construction professionals are not permitted to interact with residents, and they have been instructed to direct questions to the contacts noted above. This guarantees that questions and concerns will be correctly answered, particularly since issues often involve multiple trades and consultants.

Please take note that access to some of the district facilities (HS parking, HS track and portions of the fields and playgrounds, etc.) will be prohibited. Respect for the barriers and directions placed at the work sites will ensure community safety.

We look forward to hearing from you and reporting on our progress!

Warmly,

The Haddonfield Board of Education
