### School Construction Update

#### PARKING AT THE HIGH SCHOOL

Because of construction at the High School, parking on the site is currently very limited and will remain limited until early 2018, at least.

Many High School teachers and other key personnel do not live in Haddonfield and must drive to town each day. To enable them to park relatively close to the school, the School District has asked the Borough to designate certain streets in the vicinity of the high school as "Permit Parking Only" on certain days and times.

An enabling ordinance to take effect on Tuesday, September 5, 2017 will cover the following streets:

- Kings Highway E, from Evergreen to the Haddonfield-Cherry Hill border
- Sylvan Lake Avenue, including the circle at the end of Sylvan Lake
- Roberts Avenue, from Kings Highway to Springfield
- Belmont Avenue, from Roberts to Potter

See the accompanying map.

The restrictions on Kings Highway, Roberts, and Belmont will remain in effect until January 31, 2018. The restriction on Sylvan Lake is expected to last longer.

Instructions for obtaining permits will be provided directly to those who may need them.

The School District and the Borough encourage parents and students to make "drive and drop" and similar plans now, in advance of the first day of school. Vehicles parked in permit-only areas without a permit are likely to be ticketed.

The Board of Education acknowledges that the construction at all four school sites is disruptive and will cause inconvenience, but is confident that the end result will significantly enhance the quality of the school experience for all.
