HADDONFIELD SCHOOL DISTRICT VISION

FROM EXCELLENCE TO RECOGNIZED DISTINCTION

Instructional: All students will achieve to their fullest potential possible in academics, athletics, and the arts. The district will have the resources to challenge and support all students.

Professional: All faculties will use/model proven instructional techniques when teaching. Instruction will be student centered. The faculty will be recognized teachers of teachers. The district will be seen and used as “the” place for quality professional development.

Operations: All aspects of the operations/business portions of the district will be entrepreneurial in nature, supporting and being able to respond to the changing needs of the district. These areas will strive to be self supporting.

Leadership: The Leadership Team of the district will be responsive to the changing needs of the district and will focus its energy on developing the resources and talents of the faculty and staff so that the highest quality instructional program possible can be provided to the students of Haddonfield. The Leadership Team of the district will be recognized trainers for other districts.
