

Routine for Morning Line-Up During Inclement Weather for K-5

Student Line-Up and Building Entrance

1. Students in grades 1-5 line up in the APR (signs designate class location)
2. Students in AM Kindergarten line up in the hallway adjacent to where they line up daily (by location "e" on the map)
3. All K-5 students have the option of entering the building in one of five locations.
 - a) Main entrance—Ideal for students in grades 1-5. Students then proceed to the APR.
 - b) First Grade entrance—Also ideal for students in grades 1-5. Students then proceed to the APR.
 - c) Middle Entrance (brick area in front of JFT logo)—These doors are open during indoor line-ups. Students then proceed to the APR or to the kindergarten line up in the hallway (bottom level, through the library).
 - d) Fifth Grade Entrance
 - e) Kindergarten Entrance—Ideal for kindergarten students.

Vehicle Drop Off

- Please proceed down the drop off lane as far as possible. Stopping by the driveway backs up traffic. The middle entrance doors are open so students do not have a far walk, even if dropped off by the bus loop.
- Please anticipate extra heavy traffic during inclement weather days.
